## SIGNAL EVENTS ARE EXPECTED.

Vital Developments Are Due Politically This Week.

Bryan Again Has Democrats in Sore Difficulties.

Taft Forces Will Begin Concerted Onslaught Today.

BY SUMNER CURTIS.

(BY DIRECT WIRE TO THE TIMES.)

WASHINGTON, Feb. 11.—[Exclusive Dispatch.] Some of the most interesting developments of the primary presidential campaign in date seem to be in the cards for the coming week. Important happenings bearing on both the Republican and Democratic situations are likely in Congress as well as in the open country field.

The Democrats once more are head over heels in trouble over the omnipresent Col. Bryan, who refuses to desert in his efforts to rule the game in the face of repeated "rebukes" and slaps from those at present in control of the party organization in Washington. It is possible that the next several days may show more clearly the attitude the three-time runner will take respecting National convention affairs, particularly in the event that results do not coincide with his ideas.

His prospective summons to testify as to what he knows about the "money trust" may precipitate the break that is impending.

Rumor is busy again with third party probabilities, the name of Bryan being linked in this connection with that of Senator La Follette, whose support of the alleged undermining of his candidacy by Roosevelt is intense. It is only fair to say, however, that there is nothing more tangible than rumor in the situation in question at this time.

LINEARLY CLEARLY DRAWN. On the Republican side the lines of contest are being more clearly drawn than on the Democratic. Pressing the advantage they claim in the earliest elections of delegates to the Chicago convention, the Taft forces will make an onslaught against the opposition all along the line beginning with Lincoln's Birthday celebrations at various points tomorrow. President Taft will train his guns from the citadel of the nation's metropolis and the shots are expected to have effect throughout the land. Other important battles will be fought in the campaign of the Lincoln Day banquet there tomorrow night. The President's speech will be purely political, probably along the line of the "keynote" speech he delivered on his recent trip to Ohio.

On his way to New York the President will stop at Newark, N. J., to take luncheon with former Gov. Franklin Murphy.

TAFT DELEGATION FROM NEW YORK. (BY DIRECT WIRE TO THE TIMES.) NEW YORK, Feb. 11.—[Exclusive Dispatch.] President Taft will have the New York State delegation in which the managers who are about to open National Taft headquarters will carry on their campaign. The interesting feature of the Roosevelt campaign of the contest may be said to be that of an expectancy which awaits an authoritative statement from the former President. It would not be surprising if it came this week, although certain of the Roosevelt boomers still are advising that Oyster Bay maintain its policy of having nothing to say.

WISCONSIN BATTLE GROUND. If by any chance Senator La Follette formally retires from the Presidential contest, even if his friends at home absorb the idea that his cause is too hopeless to warrant them in continuing their support, Wisconsin will become a most interesting Taft-Roosevelt battle ground.

That the Taft managers have serious designs on Badger delegates was made apparent today when L. W. Nielsen, editor of the Milwaukee Journal, carried here by special invitation to take luncheon at the White House with the President. Nielsen is the most important La Follette organ in Senator La Follette's State. Mr. Nielsen recently attracted attention by charging in his column, supported by the Senator's authority, that Roosevelt is seeking to pull down the fruits of insurgent victory after assuring the Wisconsin leader that he would not allow a movement in his behalf to interfere with the original plans of making La Follette the insurgent standard bearer.

The present plan of the stick-to-the-finish La Follette folk is to have a delegation from his State that stands as home aboard the idea that his cause is too hopeless to warrant them in continuing their support, Wisconsin will become a most interesting Taft-Roosevelt battle ground.

instructing them to support the cause of President Taft, and Stafford, Puaski and Russell counties took similar action.

The Mississippi State Committee adopted resolutions declaring that the delegates from that State should vote unanimously for the renomination of President Taft. Every Mississippi county which has held delegate conventions has instructed for the President.

From Jonesboro, Tenn., comes word that each of the twelve counties of that district, the first, has endorsed the President. Knoxville comes forward with a denial of the story sent out the week before to the effect that the Republican Central Committee had refused to go on record as favoring the President's renomination.

INDORSING THE PRESIDENT.

The Bluff City Republican Club of Memphis, 290 strong, also has endorsed the President. More positive assurances of a solid Taft delegation from the State are coming in from New York. The most recent declaration on record is that of the Executive Committee of the Twenty-seventh Assembly district which indorses the President.

At a meeting of the Republican Territorial Central Committee, Hawaii, voted instructions for the President. In Iowa the First District Republican Central Committee adopted strong pro-Taft resolutions.

Wisconsin attracted attention by the declaration for President Taft of the State's oldest newspaper, the Janesville Gazette.

Labor spoke for the President in two ringing editorials in the Pittsburgh Labor World.

Wall Street with cold-blooded consideration has posted its first wager. The offer is that President Taft if renominated, will be re-elected.

St. Louis finished the job begun week before last when it went on record, 35 to 1, in favor of President Taft's renomination.

Chairman W. E. S. Jarrett, who was the "I." with Frank M. Slater, Mr. Slater is in hearty accord with the twenty-five already recorded.

Anonymous declarations that attracted attention is that of former Gov. W. J. Bailey of Kansas, who sends word that the Kansas delegation will be for Taft.

## ALASKA DELEGATES PLEDGED TO TAFT.

(BY A. P. NIGHT WIRE TO THE TIMES.)

NOME (Alaska) Feb. 11.—The Republican district convention for the second Alaska judicial division met here last night and elected delegates to the territorial convention pledged to President Taft. Resolutions indorsing the Taft administration were adopted. The following telegram was sent to Secretary Hill at Washington, D. C.

"Please convey to the President greeting from the farthest North Republican convention, whose fifty delegates need no further introduction to the territorial convention at Cordova instructed solid for his renomination."

TAFT HEADQUARTERS WILL OPEN TODAY.

(BY A. P. NIGHT WIRE TO THE TIMES.)

WASHINGTON, Feb. 11.—At a conference today between Charles D. Hill, secretary to President Taft, and Representative William B. McKinley of Illinois, plans were made for the opening of the Taft headquarters in a downtown hotel. The headquarters will be known as the Taft renomination bureau, and Mr. McKinley will assume charge.

Mr. Hill turned over to Mr. McKinley data deal with the political situation in nearly every State. This had been collected during the last few weeks and it will form the basis of the immediate beginning of the campaign to win the Taft delegates.

Col. Walter L. Hauser, manager of the national campaign of Senator La Follette, left Washington tonight for North Dakota, where it is feared by La Follette adherents, there is danger of the state falling into the hands of the Roosevelt forces.

QUITS THE INSURGENTS.

(BY A. P. NIGHT WIRE TO THE TIMES.)

ST. PAUL (Minn.) Feb. 11.—Hugh T. Talbot resigned as member of the board of directors of the Minnesota Insurgent Republican League in a meeting last night which had been called to consider the probable withdrawal of Senator La Follette from the race for the Presidential nomination. Verbal clashes marked the meeting.

While Mr. Talbot contended that La Follette was out of the race and produced telegrams from Gifford Pinchot, a former supporter of the Wisconsin leader, who had been called to consider the probable withdrawal of Senator La Follette from the race for the Presidential nomination.

After the session a telegram of greeting was sent to La Follette.

ARMY CHANGES.

(BY A. P. NIGHT WIRE TO THE TIMES.)

WASHINGTON, Feb. 11.—Maj. Frank H. Lawton, Commissary Purchasing Agent, New Orleans, will assume temporary charge of the quartermaster's office in that city and also assume temporary charge of all construction work in Jackson Barracks and Ft. St. Philip, La., relieving Capt. Alexander J. McKee, quartermaster, who will proceed to San Francisco for assignment to duty as quartermaster of the transport Thomas, with station in San Francisco, relieving Capt. Campbell E. Babbcock, quartermaster, who is detailed for duty in the Philippines.

Maj. Adrian S. Fleming, Fourth Field Artillery, is detailed for service and to fill a vacancy in the Adjutant General's office in that city and also assume temporary charge of all construction work in Jackson Barracks and Ft. St. Philip, La., relieving Capt. Alexander J. McKee, quartermaster, who will proceed to San Francisco for assignment to duty as quartermaster of the transport Thomas, with station in San Francisco, relieving Capt. Campbell E. Babbcock, quartermaster, who is detailed for duty in the Philippines.

Capt. Edwin Rich, medical corps, in addition to his other duties, is to be relieved from that duty. Capt. Harry S. Crawford, from the Eighteenth Infantry, to the Sixteenth Infantry; Capt. Gideon H. Williams, from the Sixteenth Infantry, to the Eighteenth Infantry; and Highland will report to the commanding officer, Presidio, San Francisco, pending the arrival of the new company at that station, when he will join his company.

THE CAMPUS FERVOR AND DEFIANCE IN PRESIDENT'S VOICE.

(BY A. P. NIGHT WIRE TO THE TIMES.)

WASHINGTON, Feb. 10.—President Taft, in his annual message, told an enthusiastic gathering at the annual banquet of the League of State Republican Clubs last night that he welcomed the campaign as a "four-month period in which to get rid of lies and misrepresentations."

The President had listened for two hours to a variety of speeches lauding his administration and attacking the Democratic party, and began to speak long after midnight. He said he felt sorry for the seething which Democratic Presidential possibilities had received, and that it was hard for them to promise things which they knew nothing about.

In the fall of 1910, he said, there was some reason for Democrats to believe they would meet with success in 1911, but he compared the party to a team which had spent its force in the middle of the season.

The President declared that even in 1910 the confidence of the Democrats' ultimate victory in the whole government was misplaced, as the vote then was a "review of Republican" and "obscure" and constituted a "misunderstanding which has been clearing itself away as the Republican party has given evidence of the good faith in which it is carrying out its promises of 1908."

"We have reason to congratulate ourselves," said the President, "on the evidence that the enemy have gotten away by reducing its strength and harmony, but with unerring accuracy have selected the right time to do the wrong thing."

The President declared the Democrats had trifled with the army and navy by reducing its strength and "when business sense is most important they have selected this time by radical changes to the military and industrial of the country by changes that will not permit those industries to take effect this date."

Capt. Harry S. Crawford, from the Eighteenth Infantry, to the Sixteenth Infantry; Capt. Gideon H. Williams, from the Sixteenth Infantry, to the Eighteenth Infantry; and Highland will report to the commanding officer, Presidio, San Francisco, pending the arrival of the new company at that station, when he will join his company.

## PARTIES TILT FOR ADVANTAGE

Both Houses Are Influenced by Copeing Campaign.

Senate Wonders Where Insurgents Are on Tariff.

James J. Hill Will Testify at Steel Inquiry Today.

(BY A. P. NIGHT WIRE TO THE TIMES.)

WASHINGTON, Feb. 11.—Congress will work this week with the tariff, arbitration treaties, Senatorial elections and army and agricultural controversies.

Republicans and Democrats are looking ahead sharply to the coming Presidential campaign. The presence of Presidential candidates on both sides of the capitol lends keen interest to the increasing Congressional activity.

Both parties in the house are tilting for advantage, with nearly every move aimed at the effect on the polls next November.

The problem in the Senate is the exact position which the insurgent flank of the Republican party—the balance of power in the Senate at this and the recent extra session—will assume when the test comes on tariff revision measures.

The exonerator of Senator Stephenson from the charges of corruption in the use of \$100,000 in the primary which resulted in his election will be reported to the Senate, possibly tomorrow.

Senator Hayburn, chairman of the subcommittee which conducted the inquiry, will make the majority report. Five members of the committee will unite in a minority dissenting report to be presented later.

House Democrats will caucus this week on the chemical tariff bill, which would reduce duties on chemicals used in paints and for other common purposes, but would raise the tariff on soaps, perfumes and other luxuries.

But before the caucus the house is expected to dispose of the army appropriation bill, with its train of controversy over army reorganization and consolidation. After that the agricultural appropriation bill will be taken up.

James J. Hill, chairman of the directorate of the Great Northern Railway, will be the star witness tomorrow before the Stanley steel committee.

The sugar trust inquiry committee is about to resume its hearings on the house steel tariff revision bill on Tuesday. The Senate finance committee will resume its hearings on the house steel tariff revision bill on Tuesday. **PUSH WORK TO A FINISH, IS CRY.**

Bond Sale Clears Way; City Officials Enthusiastic.

Public Works Board Calls for Construction Bids.

Our Financial Status Now Settled, Say Bankers.

Word that the sale of the city's bonds had been consummated came Saturday to the directors of the various municipal projects that have depended upon them like the drop of the flag to a racer. For months the three great engineering undertakings of Los Angeles have languished. With plans drawn, estimates made, the various corps of technical assistants and their lieutenants, and companies drawn up, waiting for the call of "forward," all progress has been stayed because of the uncertainty as to the disposition of the remaining issue of aqueduct, aqueduct and harbor bonds. Simultaneously with the receipt of the copies of the agreement by the Mayor and by Lieut.-Gov. Chaffee on Saturday, the Board of Public Works came into possession of the news that the bond sale was an accomplished fact. Without losing an hour it called for bids for the construction of J street in Wilmington, the filling and paving of which is an essential part of the harbor plans. At the same time it was decided to call immediately for proposals for dredging the inner harbor at Wilmington. City Engineer Hamilton stated yesterday the plans for concrete piers at San Pedro and Wilmington will be ready in two weeks at the farthest—that the only reason for delay there was that the change from creosoted piles to concrete construction had made it necessary to redraft the schedules.

**THE STEAMSHIP LINES.**

The bond sale definitely clears the way for the great steamship companies to make their Pacific terminal at the harbor of Los Angeles, as previously outlined in The Times. The White Star, Cunard, Hamburg-American and North German Lloyd lines, famous for their Atlantic service, have all had agents here looking over the ground. They have repeatedly stated that all that kept them from definite decision has been the impossibility of obtaining any reliable information as to the conditions which may be expected at any time. "We have been going forward with money advanced to us by the City Council," said Commissioner Humphreys of the Board of Public Works yesterday, "and while this has enabled us to furnish the necessary information, yet anyone can readily understand that we necessarily had to put the brakes on to some extent. The sale of the bonds means that we now know definitely what we can do on the aqueduct, on the harbor power plant and on the harbor works. The action of the Board of Public Works in regard to J street and the dredging work at the harbor shows that, all occasion for delay having been removed, we are going right ahead."

"It means that the city's financial rating has been thoroughly vindicated and redeemed," said Mayor Alexander. "It means that we shall finish the aqueduct at once. All the pessimistic talk that has been devoted to the powers of Los Angeles and finance such a great project goes for nothing. The Harbor Commission will advertise for bids immediately on all the branches of the work at the harbor. And in all departments there will be no delay in carrying out the plans that the people have repeatedly shown it to be their wish to carry out. There is no excuse for further delay. We recognize it, and every branch of the municipal government realizes it."

**HARRIED BY MISFORTUNE, ANGELENOS HOME BOUND.**

Miss Margaret Goodrich.

A Los Angeles society girl and a member of the party on the unlucky round-the-world tour of the S. S. Minnesota, which ran on the rocks in the China Sea, had a mutiny off Yokohama and encountered a smallpox epidemic in India, of which one member of the party died. Here, also, another excursionist was stricken with paralysis and is being brought home by the Goodrich family, who have been in quarantine in Madras. Miss Goodrich is in Ceylon, where she has been waiting the release of her parents, quarantined since the death of her little brother.

DISCOURAGED because of the apparent nemesis of misfortune, sickness and death, which has followed them, the unlucky party of prominent Los Angeles people who started on a tour of the world on the S. S. Minnesota, has broken up and several of the travelers are slowly making their way home.

Seemingly misfortune called with the party. Tragedy followed tragedy until even the least superstitious members of the party began to feel the ominous effect of happenings that were constantly blocking the progress of the excursion. According to a letter received by Mrs. W. W. Neuer, wife of the president of the Central Oil Company, who lives at No. 442 South Bonnie Brue avenue, her sister, Mrs. J. C. Goodrich, and her husband and daughter, Margaret, who were members of the excursion party, are now homeward bound. Not only did the Goodrichs lose their 7-year-old son, who died from smallpox at Delhi, India, but Goodrich's intimate friend, a Mr. Goodrich of New York, was stricken with paralysis and is now being brought home. It is not known how serious his condition is. Here are some of the misfortunes that have overtaken the party since sailing from the United States: Steamer encountered storm and was grounded off the coast of Japan. Civil war on board vessel at Yokohama between white sailors and Chinese coal passers in which two men were killed. Death of Russell Goodrich at Delhi from smallpox. Quarantining of party at Delhi for six weeks. Paralytic stroke suffered by Mr. Dowling. Sickness of J. C. Goodrich. Margaret yesterday, telling of the misfortunes of the party, said Mrs. Neuer yesterday. Margaret is now in Ceylon, where she went when her father and mother were quarantined in Delhi. She wrote that there was an outbreak of smallpox just before the coronation ceremonies at Delhi and that in some way the party became exposed and Russell took sick and died. His death was terrible. She wrote once stating that her father had been seized with cholera, but afterwards she was found to be a mistake. "She said that her father and mother would have to stay in quarantine until February 4, so they are at liberty now and are probably on their way home. Mr. Dowling, who suffered a stroke of paralysis, is a manufacturer of ordnance and is a great friend of the Goodrich family. Besides the Goodrich family, Mr. and Mrs. Willis J. Hole, Mr. and Mrs. George Bary, Mr. and Mrs. D. W. Loughry Rodman, Mrs. Perry and two daughters, all of Los Angeles, were members of the party. Goodrich makes his home in Los Angeles in the winter. He is a capitalist of Seattle, owning a number of business blocks in that city.

**HOODOO CAMPS ON THEIR TRAIL; NEWLYWEDS FLEE.**

THEIR WAY HOME. The Kippes came to Los Angeles they went to the Angeles. The hoodoo caught them just as they were going to their Packard car which was waiting at the Fourth street entrance of the hotel a few hours later. Mrs. Kipp fell and badly wrenched her ankle as she was getting into the machine. The next night they took a spin to Venice. While they were enjoying dinner their chauffeur rambled over to the skating rink. He had his skates on less than fifteen minutes when he fell and broke his arm. It was close to midnight before the Kippes could find a chauffeur to bring them back to Los Angeles. Thursday they took a trip to Santa Monica. They were just leaving on the way home when they were arrested for speeding. Friday night they took dinner at the Bristol. They left their big seven-passenger car at the Spring street entrance. When they came out from dinner the machine was gone. Saturday morning it was found over on Olive street, stripped of fittings to the value of \$400. That afternoon the Kippes left, and fear that their hoodoo might keep on their trail, they didn't make their destination known. They told friends before leaving San Diego, however, that they intended to spend their honeymoon by touring under the name of the "O. K." Laundry Company, and the New Method Laundry Company which, it is said, has been operating under the name of the "C. O. D." Laundry in violation of the Cartright law.

Among the concerns that are said to have entered into the trade conspiracy was the Electric Laundry Company, which has been operating

**TAFT CERTAIN, SAYS LORIMER.**

Editor of Saturday Evening Post Guest Here.

Says President Controls the Entire Situation.

Assumes Responsibility for La Follette Fiasco.

George Horace Lorimer, editor-in-chief of the Saturday Evening Post, and a guest at the Alexandria, last night shouldered the responsibility for wrecking La Follette's Presidential boom. He further declared that, in his opinion, Taft's renomination is assured, and that the President will sweep across the country at the polls in spite of La Follette's downfall. Lorimer said: "The Senator was worn out from his campaign in Ohio. He did not wish to speak at the Philadelphia banquet of Periodical Publishers, because of this fact. I insisted that he accept the invitation to attend, however, and made the arrangements for him to be present. "La Follette was not himself that night. A daughter of his was to be operated upon and he was greatly worried when he arose to speak. His address, which extended over a period of more than two hours, could have been delivered in thirty minutes. It consisted mainly of reiterations. This, in my opinion, is the worst that could be said about it. The reports of the address were exaggerated. "TAFT IS CERTAIN." "There is no doubt in my mind but what Taft will be renominated. Taft sentiment has been gaining greatly during the last ninety days. I think his renomination will be unanimous and it seems to me that the whole situation is in his hands. He can no doubt carry the country with a sweeping majority. "Regardless of the recent controversy between Wilson and La Follette, the Harvey affair is hardly as important as has been made to appear. Of course, it is less against the field, but I don't think any of the other candidates are apt to step in ahead of him. "Lorimer, accompanied by Mrs. Lorimer, is planning a month's stay in Los Angeles. He arrived here Friday and has been spending the most of the time sight-seeing. Yesterday he went out to Riverside. "I am just taking a little vacation," declared the famous editor. "This is the first time in two years that I've had more than a week to enjoy myself. "I have been dabbling in a new line—something of a departure. We recently bought the Country Gentleman, a weekly farm paper. I have been up organizing the staff, and as I'm not a farmer, I am going to turn the paper over to other hands when I get back. The paper has a limited circulation at present, but I believe there is an opening for a national farm paper, and hope to make it a big success. It will be a departure in itself from the farm journals of the past. We are going to inject life and spirit into it and to a certain extent run it along the lines of the Post. "LAUDS LOS ANGELES. "Los Angeles is a wonderful city. I was greatly surprised when I arrived here. It is one of the liveliest towns in the country. If it lives up to its reputation of the past, it will no doubt be the greatest city on the Pacific Coast in the future. "Lorimer states that one of the Post's best staff writers is coming to the Coast in the near future to prepare a series of articles on the effect of the opening of the Panama Canal will have on our cities. He intimated that Los Angeles will come in for much praise. "The editor's famous 'Letters from a Self-Made Man' to the Times," he says, was written only as a "filler" for the Saturday Evening Post. That was before the city had grown to its present proportions and its title was not as full then as now. He followed it with 'Old Grogan' and 'Jack Sprinkle,' works of the same order. Lorimer has been editor-in-chief of the Post since 1888. He broke into literary circles as reporter in 1886 and rose rapidly. He is 44 years of age.

**WATCH YOUR MONEY ORDERS.**

One Hundred Blanks, Ten Thousand Dollars Maximum Value, and Stamp Books From Northern Post Office. H. B. Hall, of San Francisco, inspector in charge of the California postoffices, has notified Postmaster Harrison, that money order blanks 22-208 to 22-499 together with a money order stamp, were stolen from Station 35, of San Francisco, Saturday evening. No details of the robbery accompanied the message. As the thieves have equipped themselves with the stamp, they are now in a position to victimize unsuspecting persons with fake money orders. Each order may be made for a sum as high as \$100. All merchants and others are warned by the inspector to scrutinize the number of any money order presented to them in exchange for merchandise.

**FORCED TO DELIVER.**

Young Highwaymen Compels Pedestrian to Hand Over Possessions Without Argument on Busy Street. Capt. P. J. Fierie, manager of the Pacific Realty Company, living at No. 534 Sunset boulevard, reported to the police Saturday night that he had been held up and robbed of \$12 and a cheap watch while passing in front of No. 418 North Grand avenue. The victim claimed that he was confronted by a young man dressed in a grey suit and cap and was forced to hold up his hands at the point of a pistol. "I have been working for some time on some of the corporations that work for the public with a view of bringing them into court to show that they really are not evading the provision of the Cartright act," which permits a reasonable profit," said City Prosecutor Eddie, last night. "I shall call upon these concerns and others to show that they are not earning enormous profits as interpreted by the law," he continued.

George Horace Lorimer, Editor of the Saturday Evening Post, and one of the keenest students of politics in the country, who is a guest at the Alexandria. He stated yesterday that Taft was certain of the nomination, and, in his opinion, would sweep the country at election.

**H'E'S HELD UP; SHOT; WON'T TELL.**

BOY SUFFERS AGONY RATHER THAN ADMIT FACT.

Finally, When Bullet Wound Is Found Twelve Hours Later, He Reluctantly Relates Experience With a Bandit Who Shot Him When He Ran for Home.

Rather, he says, than admit to his parents that he had been the victim of an attempted hold-up, and had been shot by the highwayman because he refused to stand and be searched, Otto Peterson suffered all Saturday night and Sunday morning from the effects of a bullet wound in his right thigh. It was not until Detectives Home and Carroll went out to the Peterson's residence, No. 1412 De Press street, to investigate the case, that the young man received surgical treatment. The detectives took him to the Receiving Hospital after he had been closely examined at police headquarters. The hold-up took place at the intersection of Sunset boulevard and De Press street, within sight of the young man's home. He was on his way home when he saw a masked man stepped up to him and sticking a revolver in his face, ordered him to halt. He says he promptly turned and ran for home as fast as his legs would carry him. He had gone but a short distance when the highwayman fired the ball going through the fleshy part of the right thigh. It was not until almost noon yesterday that the boy's parents ascertained that he had been shot. They immediately notified the police.

**WHOLE CITY TO HONOR LINCOLN.**

HOLD HOLIDAY ON BIRTHDAY OF MARTYRED PRESIDENT.

Banks, Schools, City, County and State Offices to Observe Occasion. Programmes and Patriotic Exercises in Educational Institutions, Banquet Halls and Parks.

Today, the one hundred and third anniversary of the birth of Abraham Lincoln, and a State legal holiday, will be observed in the public schools, banks, private offices and by various fraternal and patriotic organizations. Complying with the law cutting down the list of school holidays passed by the last Legislature, the public schools will have regular sessions today, with the exception of an hour devoted to exercises in honor of "Honest Abe." The time of the exercises, which will consist of speeches, papers, recitations and appropriate music, has been left by Superintendent Francis to the principals of the various buildings. At the High Schools of the city outside speakers will address the pupils. No orders having been received from the postoffice department's headquarters on the subject, the local office will continue business as before, making regular collections and deliveries. Lincoln's birthday anniversary has not yet been observed by the Los Angeles postoffice, as it is not yet a national holiday. The Federal offices will be open as usual. All departments of the State, county and city governments will take a rest for the day. The Los Angeles Stock Exchange will observe the day and do no business. There will be no calls today, as the New York and Chicago exchanges are closed. Members of the Metropolitan Club will celebrate the day by a programme of speeches and music. Senator Lee Bates will deliver the principal address. The Southern California Association Military Order of the Loyal Legion will hold their annual banquet this evening at the Alexandria, the day having been specially chosen because of its significance to the Loyal Legion.

The Minnesota and Wisconsin State societies will hold picnics today. The annual gathering of the natives of the Cartright act, which is Eastern Park. An interesting programme of music and speeches will be provided. The Wisconsin Badger Club will picnic in Sycamore Grove. President C. Newcomb and J. R. Newberry will be among the speakers.

## JEVNE WINS WONDERFUL RIVERSIDE GOLF VICTORY.

Close Match to the Thirty-sixth Hole, When Jevne Forged Ahead of R. W. Salisbury of Salt Lake—Golfers' Ball at the Glenwood—Dedicating Victoria Club Trophy.

BY ALMA WHITAKER.  
RIVERSIDE, Feb. 11.—[Exclusive Dispatch.] Result of Riverside golf meet, February 6 to 11:  
Riverside team beat Annandale, 5 to 2.  
Los Angeles team beat Riverside, 5 to 2.  
Jack Jevne won qualifying round medal, play 80.  
Jack Jevne won invitation tournament against R. W. Salisbury, 1 up.  
R. D. Osburn won, defeated eight.  
Raymond Hornby won, second sixteen.  
Jack Jevne of Los Angeles was the winner in the finals played today in the Victoria Club Invitation Golf Tournament, defeating R. W. Salisbury of Salt Lake, by a putt at the 35 hole.  
It was a very close and exciting match, followed by a large and enthusiastic gallery throughout. Many an earnest Riverside Sabatarian stretched a point with his conscience, for after all, looking on is not the same as playing, you know, and we don't have these intensely exciting golf matches in Riverside every day.  
Jack Jevne thus became a two-fold hero, and attained the unusual distinction of winning both the best qualifying score and the chief event. This makes two very handsome silver cups to vie with Arthur Braly's long coveted array.  
In the drive off Salisbury took the honor and made a nice shot down the middle of the course, but Jevne sliced his drive to the right. He, however, made a fine recovery—a feat he repeated frequently in the course of the match—and got on the green with his second shot, and they subsequently halved the hole for 4.  
The second was also halved for 4, and after the third both men got a good straight drive. They were both on the green in 4, when Salisbury missed a five-foot putt; Jevne taking the hole in 5.  
THE SCORE EVEN.  
The next hole went to Salisbury for 4, making them all even.  
At the fifth they both got off with good drives and both made poor second shots. But Jevne holed a long putt from off the green amidst breathless excitement, and won the hole.  
Both drove well from the sixth, but Salisbury's second shot put him in a very difficult lie, from which he recovered cleverly. Both were on the green in 2, but Jevne's deadly putting again won him the hole, making him 3 up.  
At the seventh Jevne's second shot landed him in a mean bunker, but another good recovery landed him on the green in 4. Salisbury's play at this hole was beautiful. He was on the green in 3, but left himself too long a putt to better Borgey, which is 5. Jevne missed a putt, reducing his lead to 1 up.  
Drives from the eighth were both fine. Salisbury's second shot was more lucky than good and landed on the green. Jevne played skillfully out of a bunker to the edge of the green, but Salisbury took the hole for 4 against Jevne's 5; making them once more all even.  
The ninth was not a shining example of brilliant golf on either side. After doing all the bad things they could Jevne won it, with 7 against Salisbury's 8; thus leading again.  
AT TENTH HOLE.  
The tenth went to Jevne in a neat 3 to Salisbury's 5—giving him 2 up. The eleventh they halved for 4. Salisbury won the twelfth after a pretty drive, 4 to Jevne's 5, but lost his gain at the thirteenth, through invading the bunker in front of the green. The fourteenth they halved for 3, leaving Jevne 3 up.  
At the fifteenth Jevne sliced his drive and got into a bunker, from which he made a neat recovery well towards the green. Salisbury drove off splendidly, but sliced his second shot. They were both on the green in 3—Salisbury within eighteen inches of the cup. Jevne missed his putts. Salisbury taking the hole for 4 against his 5.  
From the sixteenth they both sliced their drives and landed in bunkers. Salisbury's second shot landed him in another, but he recovered with his third, which placed him on the edge of the green. Jevne got well out with his second shot, but overran the green. Putting was poor on both sides.

## ABE ATTELL CUTS HIS EYE FIRST DAY OF TRAINING.

Champion and Roscoe Taylor Butt Their Heads Together and Abe Goes Into Doctor's Care—Abe Makes Light of the Accident—Van Court Interviews Billie Papke—Can He Come Back?

BY DE WITT VAN COURT.  
Tough Luck.  
OVER two thousand people visited Jack Doyle's training quarters yesterday afternoon to see the clever featherweight champion, Abe Attell, go through some of his training stunts. He did a little handball playing, then punched the bag and started out for several rounds of boxing with Roscoe Taylor.  
The first round was a fast and hard one. Taylor is a hard hitter and landed several good ones on Abe, but the latter came back and showed that he is strong and fast.  
From the rough work that they indulged in, you would never think that Attell ever had any trouble with his arm. He worked without any shirt, which proves that he will have no trouble with his weight.  
The second round was brought up to a close shortly after they got started. The boys were just getting warmed up to their work when they accidentally bumped their heads together and each got a cut over his left eye. Taylor's was worse than Attell's. Attell immediately quit and Ben Smith took him into the dressing-room and gave him the usual rubdown, then Abe went uptown to have a couple of stitches taken in the cut.  
It will not interfere with his chances in the least, his blood is in fine condition and it will heal in a few days. Abe made light of it and said that it would not worry him in the least. Attell seemed to be stronger than he ever was. Taylor must weigh near 140 pounds, but Attell had no trouble in handling him.  
BILL PAPKE.  
Tom Jones had some of his moving-picture men on hand to take some working pictures of Bill Papke. Papke looks very good but a little heavy. He is all smiles since he has got back with Tom Jones and says that he feels that he will come back stronger than ever.  
"I have never been myself since I left Jones," said he. "While we both did well when he was my manager, I felt that he knew me better than anyone else, and as long as he was not to be tied up with Wolcott for a while, I thought it was a good chance to get back right."  
In speaking of his trip to Australia, he said that they were good sports down there, but a lot to learn.  
QUEER REFERENCE.  
In his first fight with Smith he won but the referee said that he lost on a foul. He thought it strange that he should lose on a foul when he hit Smith a punch in the pit of the stomach that knocked him so cold that he could not move for a minute. In the meantime the referee counted him out, then decided he lost on a foul after the physician decided that he was fainted.  
"Why did the referee count the seconds if I fainted him?" said Papke. He answered, "I fainted him in the same identical way and was given the fight."  
PAPERS ROASTED HIM.  
After the first fight he became very unpopular and every paper in the country took pains to roast him. Shortly before he left he was asked to appear at a benefit for an old-time fighter. He consented and they got up and cheered him for a minute then rushed into the ring and carried him to his dressing-room on their shoulders.  
They are an odd bunch down to that country until you know how to take them, then they are all right.  
Papke says that Australia is a good country for the working people, but the whole place seems to be upside down. They have the most beautiful parks, flowers and birds, but there is no order to the flowers and those beautiful birds never sing. It is also summer down there when it is winter here. The south side of the streets are the sunny sides, while it is the opposite here.  
CAN HE COME BACK?  
There is no reason why Papke cannot come back, even if he has gone back, which neither he nor Tom Jones will admit.  
Papke is the only man that ever knocked out Stanley Ketchel outside of Jack Johnson.  
He is still a young man. He feels that he will be a recognized champion of his class before the year has passed.  
Papke is to train at Venice and will have Harry Davis, a husky middleweight, for a boxing partner.  
Jimmy Carroll, the little San Francisco featherweight, stopped over for a day to see Abe Attell on his way to Frisco; he was one of Attell's seconds when he fought Knockout Brown in New York. Carroll said that Abe knocked Brown all over the ring in the last round and through the ropes. Also said that Attell was a sick boy when they fought, and furthermore Brown would not be in it with Abe if he was right. Brown is an awkward fellow that stands with his right hand out. He is a mark for a clever fellow after they set on to his eyes, as he telegraphs every move and blow he makes.

## JOHNNY KILBANE SHOWS REAL CLASS IN BOXING.

BY GREY OLIVER.  
Hard to Beat.  
NOTWITHSTANDING the other beach attractions yesterday a large crowd of the sports crowded into Johnny Kilbane's training quarters in Shaw's place at Venice to watch KILBANE go through his paces for the Attell fight on February 22 and there was the real thing.  
Kilbane appeared in good condition and said after his four-round bout with Tommy Kilbane that he weighed about 125 pounds. He looks the part, too, for he is not naturally a heavy boy.  
Being so near the required weight Johnny did not do any strenuous work yesterday and will not exert himself very much this week. He ran on the road yesterday for about six miles in the morning and after that took things easy until the afternoon.  
He opened the afternoon with a handball game with Tommy Kilbane and after following this with bag punching for a few minutes went on for four hard rounds with Tommy. There were no love taps in this scrap and while big gloves were used the work was as fast as anyone ordinarily sees in a real contest.  
After seeing these two boys box one wonders how Tommy ever got two decisions over Johnny Kilbane, for Johnny was on top of him every minute of the four rounds. Johnny has fought here and his style is well known, but he never showed to better advantage than he did in those four rounds at Venice. He was continually jabbing his left hand into Tommy's face and was mixing with him every minute.  
If anyone thinks that Johnny does not know much except to hit and get away he is mistaken, for he seems to know all of it. His footwork was beautiful to watch and when he came to fighting he was there in every way. If any man gets out of a clinch from him without being hit he must be a good one. He ripped and slapped and hooked Tommy continually and I would say that his exhibition of fighting was even better than his boxing.  
He had real class when it comes to getting away from leads and if he shows the same determination against Abe Attell next week as he exhibited yesterday little Abe will have a battle cut out for him. No one can tell how good or bad Abe is now, but he must be good if he expects to beat Kilbane. No one should overlook this bird at Venice if one wants to see some good work in the boxing line.

## RUMOR OUT THAT HOGAN IS AFTER DOLLY GRAY.

BY GREY OLIVER.  
Probabilities.  
DOLLY GRAY, formerly of the Los Angeles team, pitching for the Vernon club this year.  
None of the local baseball fans need be surprised if such an unusual sight is observed this season, for all of the suspicions seem to point that way.  
Hogan, manager of the Vernons, would neither affirm nor deny the rumor late Saturday night.  
It has been known for some time that Dolly Gray was to leave the Washington team and a month ago it was announced that the Rochester club of the International League, had purchased Dolly from Washington. A telegram was received here late Saturday night to the effect that Rochester had secured waivers on Gray and intended to sell him to a Pacific Coast League team.  
Now Ray Hogan has admitted for a month that he has been trying to get a big league pitcher, and he went so far as to state that this one was an American League leaver.  
When asked about the Dolly Gray matter, Ray declined to make any direct statement. Nothing had been done and he did not know that anything was doing. Hiding behind his bluntness he said he could not get out any such news at this time.  
Naturally, under the circumstances nothing authentic can be stated at this time, but should Gray report to Vernon next month, for practice, none of the fans need be shocked. Stranger things than this have happened in baseball.  
Dolly has had several conferences with Hogan recently, and naturally would like very much to play in the Coast League. His many friends here hope he will catch on with Ray, if he is trying.  
URBINA STARS VICTORIOUS.  
SAN BERNARDINO, Feb. 11.—[Exclusive Dispatch.] Urbina Stars won from the Los Angeles Brewers today by a score of 5 to 2, when the heavy local hitters knocked Connon and Schwenk out of the box. The Stars did not find Clark, a new leaver, for a hit in the last four innings. Bob Smith of the Boston Nationals, and Big Chief Meyers of the New York Giants, formed the battery for the Stars.  
Dave Desher Matched.  
KANSAS CITY (Mo.) Feb. 11.—[By A. F. Night Wire.] Dave Desher of Boston and Clarence "Wildcat" Ferns of Kansas City, have been matched tonight to box ten rounds before the Grand Avenue Athletic Club on February 18. The man as waterweights.
